

## Career Opportunity

**Position Title:** Field Technician  
**Company:** Bangor Natural Gas  
**Location:** Bangor, ME  
**Department:** Construction/Operations  
**Posting Date:** 12/08/2022  
**Apply by:** 12/15/2022

### OVERVIEW

The Field Technician performs a wide variety of tasks in the field relating to the planning, installation, and maintenance of Bangor Gas' piping system, and to serving its residential, commercial and industrial customers. This individual's primary work is on the piping system, pressure regulating equipment, customer meters, appliances, and commercial and industrial gas equipment. Daily duties entail performing installations, rebuilds, and adjustments of nearly any component of the utility field infrastructure and customer's gas equipment.

### ESSENTIAL DUTIES

- The Field Technician enters businesses, industrial complexes, and customers' homes and makes contact with business proprietors, homeowners, and industrial plant owners and operators, mostly by explaining complex topics to these subjects. If necessary, this individual will prepare written memos communicating complex topics and problems to customers and other Bangor Gas employees.

### QUALIFICATIONS

A High School diploma is required to be eligible for the Field Technician position, with twelfth grade level reading comprehension, writing, and basic math skills are necessary. The ability to clearly communicate complex ideas verbally and in writing is crucial for ease of understanding between customers, authorities, and fellow employees. An analytical ability to investigate electrical and mechanical indications and use them to arrive at solutions to complex problems facilitates job duties immensely. Experience as a heavy equipment operator; possession of a manufacturer's certificate of training in electronic control devices; experience in corrosion control and the utility pipeline or plumbing industries; and college level coursework in industrial technologies is desired. A motor vehicle operator with valid license is required, and the applicant must be bondable with no record of felony convictions. Experience with Microsoft office as similar computer programs is desirable.

### PHYSICAL DEMANDS

Duties involve medium lifting and carrying objects weighing up to ninety pounds. The individual must be available for emergency call-outs and be able to work occasional extended hours; job site reporting is common. Majority of the workday is spent outdoors; therefore this individual is exposed to (and must have tolerance for) extremes of heat, cold, noise, and dust. Exposure to construction equipment and normal driving hazards is encountered regularly. The Field Technician operates a wide variety of construction equipment, to be specific: fusing devices, pipe pinchers, pipe locators, volt and amp meters, and electronic gas control equipment (including computer controlled devices).

**SAFETY SENSITIVE JOB**

This is a safety sensitive job and as such is subject to random drug testing as required by the U.S. Department of Transportation (D.O.T.). Employment is contingent upon passing a pre-employment physical examination.

**Application Process:**

Internal candidates should complete the internal posting form and send the form to Annmarie Vincent, Human Resource Manager by the posting expiration date. Please include a resume if applicable.
